Citizen Services - Smartphone Application – User Manual

About this User Manual

The smart services provide "speed and accuracy" in the process of issuing visas, residence permits, passport services, Emirates ID services, in addition to all citizen services. It will also eliminate the need for applicants to visit service centers.

This system enables the citizens of the United Arab Emirates to easily apply for the services of the Federal Authority for Identity and Citizenship through the smart application from anywhere and at any time.

You can use the steps mentioned in this guide to log in to the smart services, and explore all its features and functions

Prerequisites

1	Connect to the Internet	
2	If your phone supports IOS, download the smart services application	
3	If your phone supports Android, download the application for smart services	
4	Effective Email Address.
